land”***

*Do not live on this earth as a stranger or
as a tourist of nature: live in this world as
in your father's house: believe in wheat,
land, sea, love the clouds, machines, books
but first of all love the man*

Dear mom and dad,

With this pamphlet, we want to gather all the relevant information about the current school year. This document wants to be a valid and clear communication School-Family instrument.

We would like to remind that, first and foremost, Rosanna, Paola and the other teachers, are available for any doubts or perplexities. Dialog is the base of everything.

Hoping to have done an enjoyable thing, we will deliver you all the material mentioned above.

Make a good use.

Good continuation,

The Management Board and the Teachers

"My land, our land"

Continuing on the path followed over the last three years, which has got a background for every experience in citizenship education, this year we will speak about the land where we live: "taking care of the earth means taking care of ourself and others!"

We're lucky to live on this beautiful planet. But it needs our love and care. So through the seasons we are going to follow the lane (real and symbolic) of our territory in order to know the characteristics, the needs and also trying to find together with the institutions / associations in here the instruments to make it more and more liveable.

We will speak about respect with others and the environment, as we are also reminded in our CONSTITUTION (especially in the first 12 points).. **Think Big But start Small!**

Our project is implementing change with the support of the family, institutions and groups, we will be able to do great things !! If everyone took one little step it would make a big difference.

Thank you for your concern with regards our planet's future.

Welcome to the new parents and welcome back to those who were already attending our School!

We are at the beginning of a new school year, a new path to do together and since "a good start is half the work", we provide some information and suggestions to keep in mind:

1. We inform/remember you that the time of entry at school in the morning is **from 8.00am to 8.45am** for Kindergarten and **from 7.30am to 8.45am** for the Nursery School. Please respect both entry and exit timetable. In case of (exceptional) late in the morning or in the afternoon, after 8.45am or 4.00pm, please inform the School by telephone. Otherwise, tax of € 10.00 will be applied. Keep in mind the possibility to ask for postponement after 4.00pm with the charge of € 5.00 a day.

2. For the current school year, the coordinator and the school referent is **Rosanna Stimamiglio**, she will be available for any meetings by appointment from 8.00am to 8.30am. The nursery school reference is **Paola Merlin**.

3. The payment of the tuition fees must be made by bank transfer by 10th of the current month with a deposit on the current bank account. **We ask you to respect this date.** Here there are the details where you can make the payment:

BANCA DEL CENTROVENETO IBAN:
IT13G085906044000020088860

In the motive, please enter the first and the last name of the child and the reference month. In case the settled amount deviates from the predicted fee for some reasons, we ask you to give us (in sealed envelopes or by e-mail) a copy of the bank transfer with the specific/reason of the settled amount (this is to facilitate our administrative office); the MofB. is available to evaluate any possible

SCUOLA DELL'INFANZIA E NIDO INTEGRATO "SANTA TERESA DEL BAMBIN GESÙ"

problems together; any changes on the sum, for example, due to prolonged illness absences, will be reported by the administrative office on the basis of the regulations.

4. The request for the advance (Kindergarten) and/or postponement (both Nursery and Kindergarten) must be made with a specific form. The payment of the same form must be made together with the monthly fee.

5. Our administrative office is open on Monday 7.45 -11.45; Wednesday 12 -16 and Friday 8 - 12.

6. Safety is a right of children, therefore to follow responsible behavior. Between these:

- It is NOT allowed to have children sit on top of the lockers;
- It is NOT allowed to play in the garden after the exit;
- children must NOT climb on the pedestrian gate to open it at the entrance or exit even in respect of the structure.

the school declines all responsibility for any accidents that may occur after the children are returned.

7. All garments and/or items need to be marked with the child's Name and Surname (including socks and shoes), in order to prevent their loss, and to facilitate the teachers' task at the moment of changing or going in the garden. On the gray cabinet at the entrance, there is a basket where the not-marked-items are put and so become "forgotten items".

8. As provided for the internal and health Regulations, for diseases longer than 7 days, the medical certificate is required for the readmission to School. In case of absence, please notify the School.

9. If the School warns parents that the child is ill (e.g. vomiting, diarrhea, fever, ...), we ask that, in respect of all other children, you

SCUOLA DELL'INFANZIA E NIDO INTEGRATO "SANTA TERESA DEL BAMBIN GESÙ"

keep the child at home at least for the following day;

10. As per health guidelines, the school cannot accept homemade desserts, but only packaged sweets. For kindergarten, the BIRTHDAYS are celebrated once a month, grouping all the birthdays of the month with dessert prepared by our cook. For the nursery, each child celebrates his or her BIRTHDAY individually, preparing the cake or biscuits with the companions of the nest, the educators and the cook the day before.

11. In case of any complaints or suggestions, you can insert in the box on gray cabinet the specific form that is next to the box.

12. For a more effective flow of information between families and School, is active a Broadcast group for the sole purpose of the flow of school-family information. The telephone number of the representative of parents will be indicated to each parent and it must be memorized on your phone. This representative has created the Broadcast group to send each parent information about various initiatives and more. This instrument also allows parents, who not always go to School, to be informed about initiatives or anything else.

13. We invite you to read and preserve the rules for both the day care and the nursery. In case of communications, you will receive regular notices in the cabinet pocket hanging in the entrance or sending by e-mail; we therefore ask you to read them and pay attention to a good mutual cooperation.

14. On our page "facebook – nidomaternalumignano" you can see pictures of the activities carried out during the day.

15. On the web site www.nidomaternalumignano.it you can find all the documents and information on our School.

In case you need other information, inquiries or clarifications, please contact Rosanna or the administrative office.

Object: Menu 2019/2020

The kitchen of our school is equipped with the most modern gear for meals preparation, handled by an expert cook to meet different needs.

Kindergarten lunches are highly valuable in terms of both nutrition and education. They offer the chance to adopt correct eating habits through varied menu choices and help to develop sense of taste, in line with calorie-regulated meals to balance nutritional needs.

Hygienic health is the basis of meal preparation, in keeping with all the rules. Meals are prepared according to the HACCP risk analysis and control system, also referred to as the "Hazard Analysis Critical Control Point".

This system pays attention especially on the quality of foodstuffs, suppliers, controls and staff trainings. Simple cooking methods are preferred to minimize chemical-physical changes that may affect the nutritional value of foods, with the abundance of plant-based foods. There are also products with protected designation of origin (D.O.P.) and products from organic farming. We accept demands of particular diets (allergic and / or intolerant children) by presenting a medical certificate.

The menu is prepared according to the directions and under the supervision of an ULLS nutritionist.

There are 2 seasonal menus divided into 4 weeks in rotation. The meal includes both common and integral bread.

- For the kindergarten, BIRTHDAYS are celebrated once a month, we gather all the birthdays of the month.
- Occasionally, there could be slight variations of the menu depending on the availability on the fresh products or available cereals.
